SCHOOL MEALS CHANGE LIVES

A LETTER FROM OUR CO-FOUNDERS

Dear Thrive Community,

Here's what we know at Thrive: Every school meal begins with you.

Because of your generosity, children go to class every day with full stomachs, clear minds, and a real sense of possibility. And a meal is so much more than just a meal!

School meals bring children to school.

In 2025, your support helped 2,994 children attend school regularly. Average attendance rates at our schools reached a phenomenal 94%.

School meals fuel a movement.

From 2024 to today, Thrive has grown significantly, adding new schools, thousands of kids, and employment for moms paid to cook our meals. Your support of Thrive strengthens families and communities. As a token of Thrive's success, we were included on the Inc. 2025 Female Founders 500 list.

School meals are inspirational!

In the year ahead, we will launch:

- A children's book series that brings the important message of school meals to young readers
- A Bangladesh fashion show with top local designers and ambassadors walking the runway!
- A documentary film that captures the Thrive momentum and shines a light on the community involvement you support every day.

As we look back on 2025 and the first half of 2026, our hearts are full.

You have helped children learn, grow, and dream. You have helped schools become places of nurture and hope. You have helped entire communities move toward a brighter future.

Thank you for standing with us and for believing in the power of a simple school meal.

With deepest gratitude,

Gina & Priscilla
Co-Founders, Thrive

2022 to 2025 Actuals | 2026 to 2028 Projections

Onward to Feed More Hungry Schoolchildren
We are proud of the strong foundation we've built, but we know that there are many more schoolchildren who need our support.

2022 to 2025 Actuals | 2026 to 2028 Projections

Thoughtfully Planned Nutrition
Every meal we serve is intentionally planned to give children the nutrition they need to learn, grow, and stay healthy - at just \$0.50 per meal.

With food at school and help from Mr. Bikas, I can do better in my classes all the time!

More Than a Meal: Strength for a Family

Nine-year-old Maliha, a third-grader at Hamida School, is bright, soft-spoken, and endlessly curious. **She loves English and practices often.** At home in the mornings, she helps her mother with chores and plays with her younger siblings. In the afternoons, she joins her friends at school for lively games of kutkut (a version of hopscotch), their laughter carrying across the schoolyard.

Before Thrive came to Hamida School, Maliha was often hungry and tired in class. She struggled to concentrate on her lessons. She wanted to learn, but she didn't have the strength.

Now, Maliha's mother gets her ready for school each morning, knowing she will be nourished. **Maliha eats milk, eggs, bananas, and other healthy foods that give her the energy to learn, play, and dream.**

Maliha's favorite teacher, Mr. Bikas, is a guiding force in her life. With his encouragement, Maliha worked hard for the first-term examination, in which she scored well in Bangla, English, and science. **She feels proud of what she has achieved.**

[WATCH VIDEO](#) 

Meet Alfa

More Than a Meal: Dancing into the Future

When Alfa was 11, he discovered ballroom dancing – a love he inherited from his mother. He joined his school's dance troupe, taking timid steps that soon sparked a quiet transformation.

Before 6th grade, Alfa was withdrawn and often absent. He was painfully thin, with little energy. His mother oftentimes could not earn enough money for their basic needs. Some mornings, Alfa went to school on an empty stomach. Other days, hunger made it too hard to focus, so he stayed home.

Everything shifted when Dawahon Integrated School partnered with Thrive. Alfa began receiving a hot, nourishing school meal every day. His weight improved. His energy returned. Teachers noticed he was stronger, more alert, and more confident. **For the first time in years, Alfa felt like he could fully join in.**

Today, Alfa leads the entire dance troupe. He performs at school events, competes with pride, and represents Dawahon Integrated. **The boy who once hung back now commands the stage with grace and joy.**

[WATCH VIDEO](#) 

Being part of the Thrive community showed me how a simple school meal can create cultural connections and bonds that lift an entire community, not just one child.

If someone ever wondered whether their donation matters – even the smallest one – I'd share what I saw in the Philippines.

The impact reaches far beyond what you expect.

Donor Spotlight: Heidi Gunderson

In February 2026, Heidi Gunderson joined Thrive's first donor tour in the Philippines expecting to simply observe the program's impact.

Instead, she was overwhelmed by the community's response – from Dawahon's joyful welcome to heartwarming moments with mothers in Katutubo and young swimmer Karmina, who has been courageously navigating life on her own.

[Read more about Heidi's experience here.](#)

Thrive Stories - A Children's Book Series

We are sharing our Thrive narrative with young readers everywhere, premiering “Thrive Stories,” inspired by real children in our partner communities.

“Thrive Stories: Meet Jhoy,” the first book in the series, tells the story of a girl on Dawahon Island in the Philippines, living life by the sea, with friends, family, and so much heart.

Our hope is that this book will spark empathy, build global awareness, and invite families and classrooms to join our movement. Come spend a day with Jhoy!

When I grow up, I want to be a journalist so I can share stories from our island.

Gusto ko maging isang reporter paglaki ko para mai-kwento ko ang mga nangyayari dito sa isla namin.

6

I live with my lola (grandma) in a two-room house. Every morning, I make Lola a warm cup of tea and hold her arm when she wants to go outside.

Kasama ko ang lola ko sa bahay. Dadalawa lang ang kwarto namin dito. Bawat umaga, nagtitimpla ako ng tsaa para kay Lola. Inaalalayan ko siya pag gusto niyang lumabas ng bahay.

7

My school starts at noon, so I have time in the morning to do chores. Some mornings, I gather seaweed to sell. We use the money to buy rice, tea, and other things we need.

8

Dahil tanghali pa kami nagsisimula ng klase, may panahon pa ako tumulong sa gawaing bahay. May mga umaga na nagbebenta kami ng lukot. Ang kinikita namin doon ay pinapambili namin ng bigas, tsaa, at iba pang mga gamit na kailangan namin.

9

During recess, we play games like tag and luksong baka. I try to jump high so I won't be it!

Tuwing recess, naglalaro kami ng luksong baka at iba pang mga laro. Kailangan tumalon ng mataas para di ako mataya!

14

I stand in line with my friends. The smell makes everyone happy!

Nakapila kami para makuha ang tanghalian namin. Amoy pa lang masaya na kami!

15

My best friend, Eka, and I always eat together. Lunch is masarap (delicious). Today, we have fried fish, carrots, and rice. The fish came from my neighbor. He always catches the best ones.

Palagi kong kasamang kumain si Eka, ang pinakamatalik kong kaibigan. Masarap ang tanghalian namin. Ang tanghalian namin ngayon ay piniritong isda, carrot at kanin. Ang isda ay galing sa kapitbahay namin na mangingisda. Palaging magaganda ang mga huli niyang isda.

16

After school, I help clean lukot (seaweed). My hands get sticky, and I sing Leron Leron Sinta while I work.

Pagkatapos ng eskwela, tumutulong ako maglinis ng lukot. Nagiging malagkit ang mga kamay ko. Habang naglilinis ako, kumakanta ako ng Leron Leron Sinta.

17

● GROWING THE THRIVE YOUTH COUNCIL

Now in its second year, the Thrive Youth Council has **mobilized remarkable leadership** . Through creative fundraising – from community pitches to a Rock, Paper, Scissors tournament – **the council has raised over \$19,000, enough to provide 38,000 school meals.**

Students have built meaningful connections with peers in Thrive schools through virtual exchanges. Their efforts expand Thrive’s reach and inspire generosity.

In 2026, the Thrive Youth Council continues to:

Engage more students to expand the Youth Council’s reach

Support more student-led fundraisers

Build leadership programs that connect students across borders

Learn more about our Youth Council Program and Youth Ambassadors
